## Pipeline Accessories

### PSI Signcap

Signcap for Installation Sets  
Types KOS and VAS

## PSI Signcap General Information

**PSI Signcap** for marking, protecting and warning of unauthorised use of installation sets with important functions. The PSI Signcap standard product is available in black, blue and red with the lettering "NICHT OEFFNEN" and without lettering, respectively.

**PSI Signcap small** has added a new dimension to the range of products. Now VAS square cap house service connections (conical 14x14 mm) can also be marked with **Signcap small**.

The **Signcap small** standard product is available in blue with the lettering "NICHT OEFFNEN".

The embossed font ensures a permanently legible marking. A long service life is achieved thanks to flexibility, weather and frost resistance of the material (EPDM).

**PSI Signcap** can be mounted without tools and easily placed on the square cap.

**PSI Signcap/Signcap small** is also available in other colours and letterings.
